

Aparajit Instruments

<https://www.aparajitinstruments.com/>

Manufacturer & Supplier of temperature measuring devices such as thermocouples, bimetal thermometers, thermowells in Overseas Countries. Also we offer calibration measuring instrument for Electrical, Pressure & Temperature Instruments.

About Us

Since our establishment in the year **2005**, we **Aparajit Instruments**, are a trusted name which is engaged in **Manufacturing and Supplier** a wide assortment of **Industrial Temperature Measuring Instruments**. We have been effectively utilizing our infrastructure and facilities as well as incorporating updated process technology that enables us to deliver International finish quality standards in the offered product range.

Our product range includes Industrial Thermocouples, Thermocouple Accessories, Temperature Calibrators, Basket Strainer, Pulp Sampler, Industrial Thermowell and more.

Our Business operations are successfully guided by our qualified and experienced promoters of the company lead us to deliver the standard Products. Use of high-grade raw material enables us to deliver the supply related to customer application with Accuracy and Quality products.

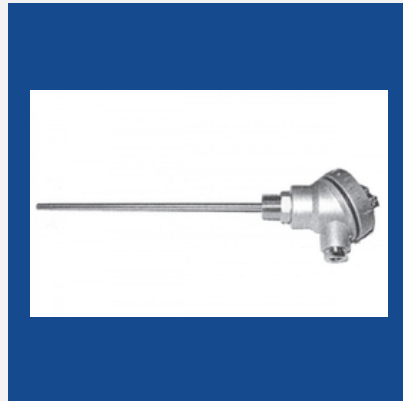

Further our manufacturing standards followed by us has also helped us to gain needed market recognition and achieve our set goal every year. Our Instruments cater to the requirements of various industries such as Oil Refineries, Gas, Chemical, Glass, Automobile, Power, Food, Yarn, Pharmaceutical Industries, Wind Mill Companies, etc.

INDUSTRIAL THERMOCOUPLES

Mineral Insulated Thermocouples

T Type Thermocouple

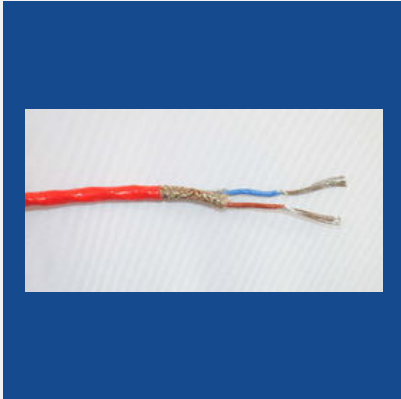

Temperature Thermocouple With Head Assembly

Transition Type Temperature Thermocouple

THERMOCOUPLE ACCESSORIES

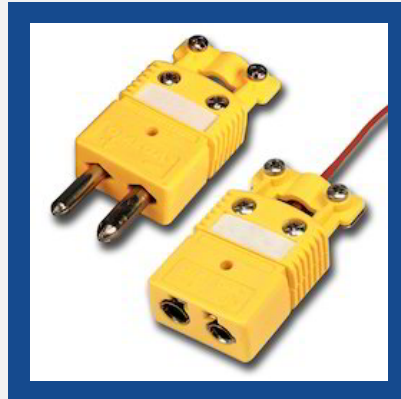

Thermocouple Compensating Cables

Thermocouple RTD Connectors

Thermocouple Protection Tube

Thermocouple Omega Connectors

TEMPERATURE CALIBRATORS

High Temperature Dry Block Calibrator

Portable Dry Block Temperature Calibrators

High Temperature Calibrators

Dry Block Temperature Calibrators

INDUSTRIAL THERMOWELL

Our Products

SS Thermowells

Flanged Thermowells

RTD Sensor Assembly
Thermowells

Threaded Thermowell

TEMPERATURE GAUGES

Bi Metallic Temperature Gauges

Gas Filled Temperature Gauge

Mercury Filled Temperature Gauges

Temperature Gauges

RESISTANCE TEMPERATURE DETECTORS

Special Resistance
Temperature Detectors

Resistance Temperature
Detectors

RTD Temperature Sensors

PT100 Temperature Sensor

OTHER PRODUCTS:

Autoclave Temperature Thermocouples

Portable Temperature Calibrator

Automatic Basket Strainer

Basket Type Strainer

OTHER PRODUCTS:

Pulp Sampler

Screwed Thermowell

Thermocouple Sensor

Digital Temperature Controller

OTHER PRODUCTS:

Temperature Transmitter

Bimetal Dial Thermometers

Orifice Flange Assembly

Factsheet

Year of Establishment : 2005

Nature of Business : Manufacturer

Total Number of Employees : Upto 10 People
